STRUCK A ROCKY RIDGE

Steamer Paris Disabled in the British Channel.

MISHAP DUE TO DENSE FOG.

Best of Order Prevailed on Board the Ship and All the Passengers Were Safely Landed Shortly After the Disaster Occurred.

Falmouth, England, May 22.—The American line steamer Paris, Captain Watkins, from Southampton and Cherbourg for New York, struck an outlying ridge of the Manacles at a point half a mile from where the wrecked Atlantic transport liner Mohegan lies, and five miles from Falmouth.

The Paris, which sailed from Southampton on Saturday, called at Cherbourg and picked up 50 passengers. She left Cherbourg at 6 o'clock in the evening. Soon after 1 o'clock Sunday morning, at high tide and in a dense fog, she ran ashore. From the first there was no danger. Lifeboats and tugs were soon literally swarming around the vessel to render assistance. A majority of the passengers, who numbered 380, were brought to Falmouth, where they obtained lodgings for the night.

Captain Watkins reported that his vessel was lying comfortably in smooth water, and that there was no occasion for any alarmist reports. He reported the passengers and crew all well.

The first intimation of the vessel's striking the rocks was a slight grating sound, which was followed by a second and more pronounced shock. The lookout shouted that there was something looming ahead, and before there was time to reverse the engines the ship had gone on the rocks, 200 yards from the shore. Assistance was summoned by means of rockets, and the coast guards promptly telephoned to the life-saving station for boats.

A majority of passengers were not aware that an accident had happened until they were called up by the stewards. On reaching the deck they found the ship's boats in perfect readiness for their reception. The sea was perfectly calm, and the only discomfort that the passengers experienced was caused by the slight rain that was falling at the time. Owing to the calmness of the sea, the boats could be managed with entire safety. Perfect order prevailed aboard the vessel. Captain Watkins stood on the bridge giving orders, and his perfect self-possession and calmness of demeanor had a reassuring effect upon the passengers. In accordance with the instruction of the captain the women and children were the first to be taken off the ship. Such perfect order was maintained that a passenger described the scene as simply a slow procession of women and children walking in single file to the boats.

At daybreak the position of the vessel could be better discerned. The brilliant St. Anthony light at the entrance of Falmouth harbor could be distinguished plainly through the misty rain, and the still standing masts of the ill-fated Mohegan could be seen nearby.

It is said that a Falmouth pilot boat showed a warning signal to the Paris, telling the captain that he would put the vessel on top of the Mohegan if he did not alter the course of the ship. The warning, however, came too late, and the Paris struck on a ridge to the westward of the Manacles.

It is suggested that as this is only her second trip from Cherbourg, the officers of the Paris were not familiar with the course.

The crew of the Paris are still aboard the vessel.

It is believed that the steamer has a large rent in the forward part of the ship. Tugs are standing by her and will assist in an effort to get her off the rocks.

There will be little danger to the steamer if the long calm continues, but should the wind veer to the east or southeast the consequences might be serious.

An effort was made to tow the Paris off the rock. Three tugs were engaged at full pressure with the steamer's steel hawser, her own engines assisting, for half an hour. The attempt was entirely unsuccessful, the steamer not budging an inch. Pilot boat 13 claims to have saved the Paris from the Manacles. She was on guard duty near the rock, and when she saw the lights of the Paris she showed a flare. The steamer starboarded her helm to clear the cutter, thus escaping the Manacles.

Excitement in London.
London, May 22.—The news of the disaster to the Paris spread rapidly in London, and great excitement and alarm were felt until the arrival of the information that all on board were safe. The company's offices were besieged with inquirers.

FROM THE TREES

Were Members of the Seventeenth Shot by Filipinos.

Manilla, May 22.—Colonel Kobbe's expedition up the Rio Grande river met with no resistance except at the outskirts of San Luis, where several hundred Filipinos were entrenched on the banks of the stream. The insurgents retreated beyond Candaba and the gunboats steamed ahead, all the way training their gattling guns on the banks and dropping shells wherever uniforms appeared on the shore. The gunboats dispersed the insurgents before San Luis. After they had passed sharpshooters from trees across the river, a hundred yards distant, harassed the Seventeenth infantry, which was marching by fours along the narrow wooded road, from which the troops were unable to see the enemy. The members of one battalion laid on their faces in the road for a quarter of an hour trying to locate the riflemen and return their fire. Two Americans were wounded.

As soon as Major Kobbe reached San Luis the natives raided the insurgents' rice stores. All day a stream of half-naked people emerged from the storehouse in the manner of ants, rushing to their homes with bags of rice on their heads.

DEPARTURE OF DEWEY.

Admiral's Salute Fired by American Boats at Manila.

Manilla, May 22.—The cruiser Olympia, with Admiral Dewey on board, left here on her homeward journey to the United States at 4 p. m. As she steamed away the Oregon, Baltimore and Concord fired an admiral's salute. At the first shot the band of the flagship's after deck played a lively air, and her white-clad sailors crowded the decks and gave a tremendous cheer. As the Olympia passed the Oregon the crew of that battleship gave nine cheers for the Olympians, who responded by throwing their caps so high that dozens of them were left bobbing in the wake of the cruiser. Then followed the noisiest half hour know in this harbor since the battle which linked its name with that of Dewey.

Status of the Buffalo Strike.

Buffalo, May 22.—President Keefe of the International Longshoremen's association held several consultations with the strikers, but was unable to give an opinion as to the outcome. Mr. Keefe said that he would not be surprised if the men were all back to work within the next 48 hours, providing that the contractors lived up to the concessions made by them abolishing all the abuses complained of with the exception of the abrogation of the contracts.

Presbyterian Assembly.

Minneapolis, May 22.—After a Sabbath devoted to church going and preaching and three popular meetings in the interests of home missions and Sabbath observance, the Presbyterian general assembly began a week of hard work. The routine subjects to be considered are the reports of the boards of freemen and education. The principal interest attaches to the former, because of the vigorous effort that has been made to raise the board's \$40,000 debt.

Evangelical Lutheran.

York, Pa., May 22.—The most important session of the general synod of the Evangelical Lutheran church ever held in the United States will convene in this city on Wednesday. Three hundred delegates will be present and the session will be marked by unusual features. The general council of the Lutheran church of the United States, a split from the general synod, will be represented. This will be the first time that body has been represented in the general synod since its secession in 1867.

Officers Nominated.

Cincinnati, May 22.—The committee on nominations reported the name of Colonel C. E. Faulkner of Minneapolis for president of the National Association of Charities and Corrections, to have charge of the general conference at Topeka next May. The name of Dr. Hastings H. Hart of Chicago was presented in the list of nominations for re-election as national secretary.

Vessel Cleared by Filipinos.

New York, May 22.—The Nova Scotia bark Stillwater arrived from Iloilo after a voyage of 115 days, stopping at Delaware breakwater on the way. Captain Thurber says that when his vessel was loading at Iloilo the Filipinos were in charge, and on his departure his papers were signed by the Filipino authorities, the first and only vessel cleared by them.

Killed by a Marshal.

Portsmouth, May 22.—George Kelley, wanted in Kentucky for illegal voting, and who had been in hiding in Ohio, crossed the river at Greenup and was pursued by Town Marshal James Smith with a warrant. He ran to the river, jumped into a boat to row across, when the marshal fired. Kelley sank in the water and was seen no more.

SHROUDED IN MYSTERY

Is a Midnight Family Tragedy in an Ohio Town.

THREE PERSONS MURDERED.

Young Son, Desperately Wounded, Is Suspected, but He Claims the Fatal Deed Was Done by Robbers—House Burned.

Bellevue, O., May 22.—Mrs. Rachel Austin and her son William were murdered in their home at Middleburg, this county, and their bodies nearly cremated in the house, which was set on fire, and Ernest Austin, a younger son, lies at the point of death in a neighbor's house from a bullet wound in the breast.

The crime is shrouded in mystery. At daybreak Ernest appeared at the door of the neighbor's house. He was desperately wounded. He said that early in the morning he was awakened by a rap at the door. When he went down stairs he was met by a robber, who shot him, killed his mother and brother, and then burned the house. Soon after making the statement he became unconscious and it is not believed he can recover.

Notwithstanding the story told by Austin the neighbors believe that he killed his mother and brother and then shot himself. The Austins were notorious for their quarrels, and Ernest was especially high tempered. A servant who left their house in the evening says the two men and their mother were then quarrelling over the property, the mother declaring that she would on Monday apply to the courts for a settlement, and Ernest had declared that he would never permit that.

Cuban Electoral Plans.

Havana, May 22.—Senor Domingo Mendez Capote, secretary of government, has been devoting considerable time to a study of the electoral laws of various nations with a view of formulating plans for inauguration here. Universal suffrage is considered advisable in some respects, but it would have many objectionable features. The Cuban league is doing much in the way of preparing the voters to exercise the electoral function. Day and night schools are conducted in all the villages for this purpose, the education being gratuitous and the attendance being numerous and enthusiastic.

Currency Reform Scheme.

Washington, May 22.—It is understood that the house Republican caucus committee appointed to frame a scheme of currency reform has agreed upon a measure along the following lines: The redemption of all obligations of government in gold on demand; greenbacks, when once redeemed for gold, to be reissued only for gold; permitting national banks to issue notes to the par value of their government bonds deposited in the treasury, instead of 90 per cent, as at present.

May Result in Lynching.

Bloomfield, Ind., May 22.—The jury in the case of Dr. Gray for murdering Mrs. Melissa Skinner, after being out since Saturday morning, returned a verdict of guilty and life imprisonment. The murder was particularly atrocious. Mrs. Skinner had been divorced and she and Gray had sustained criminal relations. He grew jealous and finally murdered her. The verdict is denounced as insufficient, and a lynching may result.

Philippines Not Self-Sustaining.

Washington, May 22.—A report on the plant products of the Philippine islands just issued by the agricultural department lauds the authority for the statement that the Philippines, although an agricultural country, do not produce enough food for the consumption of its inhabitants. In order to supply the deficiency it is the custom to draw upon other rice-producing countries, notably the French colony of Cochinchina.

Lost His Life.

Joplin, Mo., May 22.—Andrew Woods, a negro barber, was killed and three white men wounded in a battle on the street. Dewitt Leonard, a white miner, struck Woods' wife on passing the latter's house. Woods overtook Leonard, who was in company with two other men, and the mill began. The negro was shot through the heart and three bystanders struck by stray bullets.

Alaskan Troops Relieved.

Washington, May 22.—The war department has turned over to General Shafter the complete direction of all military affairs in Alaska. The only general instruction sent him is to relieve the soldiers who have been stationed in Alaska by fresh troops, it being deemed unwise to attempt to retain men in that climate for more than one year at a time.

MADE IN SECRET

Were the Suggestions Regarding the Work of Peace Conference.

The Hague, May 22.—The second sitting of the peace conference took place and lasted 35 minutes. The president of the conference, Baron De Staal, read the replies of the czar and Queen Wilhelmina to the telegrams sent to them by the conference on Thursday. The president then addressed the delegates on the subject of the labors before them, and it was decided not to publish the speech. The president proposed the adoption of arrangements for the committees, which was agreed to without discussion. Baron De Staal further proposed that, although the principle of secrecy should be maintained, communications might be made through the press bureau, subject to the approval of the president. This was also adopted.

Scenes of Desolation.

Victoria, B. C., May 22.—Shortly before the steamer Miowera left Sydney for this port the cutter Mystery returned to Cookstown from the scene of the recent disaster by a hurricane, on the north Queensland coast, by which practically every vessel engaged in the pearl fishery was wrecked, and much property lost, afloat and on shore. The sights that met the eyes of the expedition along the desolated coast was horrifying beyond description. In one place where a picturesque fishing village, with a population of 300, had stood, neither house nor tree nor any living thing was left. The site of the little settlement looked like new plowed land, and the survivors among the fishing folk had fled for safety to an inland town 12 miles distant.

The Ice Trust.

Indianapolis, May 22.—Unless carefully laid plans miscarry the ice business in 10 or 12 states will soon be controlled by three big corporations. One of these corporations has options on five of the largest plants in this city. It was authoritatively announced that the capitalists behind the deal are from Toledo, O., and Sandusky and Columbus, O., and Indianapolis. The plan is for the company to buy the plants in Buffalo, Sandusky, Columbus and possibly Cincinnati, Chicago, Milwaukee and one or two other cities are said to be already controlled by the Knickerbocker Ice company. The third corporation is to control the business in St. Louis and Kansas City.

McMillan Is a Candidate.

Detroit, May 22.—Senator James McMillan received the following dispatch: "Are the reports in the press to the effect that you are a candidate for the United States senate true? Answer at once, please."—"Russell A. Alger." The senator answered it as follows. "I should have preferred a personal conference with you, but your dispatch appears to demand an immediate answer. I am a candidate for the United States senate.—James McMillan." Secretary Alger's dispatch is looked upon by Senator McMillan's friends here as an indication that the secretary is considering a withdrawal from the senatorial race.

Wages Increased.

Pittsburg, May 22.—An increase in wages for 7,500 men was the result of the annual prescription scale conference between the American Flint-Glass Workers and the Association of Flint and Lima-Glass Manufacturers, which adjourned in Pittsburg. Of this number 1,500 skilled workmen will receive an increase of 10 per cent and 6,000 unskilled hands an advance in proportion. The advance will go into effect at the beginning of the next fire, and will restore to the men the wages they received in 1892 and 1893.

Funeral of Earl of Stafford.

London, May 22.—The funeral of the Earl of Stafford, who was killed on Tuesday evening by the Cambridge express train at Patters' Bar, Hertfordshire, took place. By the queen's command her equerries attended taking a wreath, presented by her majesty, which was placed on the coffin. The Prince of Wales and other members of the royal family were represented at the funeral and sent wreaths.

Killed by a Train.

Kenton, O., May 22.—The northbound Toledo and Ohio Central passenger train struck a buggy near here, in which Harrison and Jerome McMahon, father and son, were driving to Kenton. The two men were hurled 60 feet and Jerome McMahon instantly killed. The father was brought to the hospital here, where he died. They were prominent men of Summerville.

Mercedes in Tow.

Cape Henry, Va., May 22.—The reclaimed Spanish naval cruiser Reina Mercedes, in tow of the tugs Merritt and Rescue, passed in the capes Sunday morning.

Recruits Leave For Home.

Santiago, Cuba, May 22.—Two hundred war recruits of the Fifth United States infantry left for home on the transport McClellan, their time having expired.

WIPED OUT BY FLAMES

Business Section of Dawson Entirely Destroyed.

LOSS OVER ONE MILLION.

Second Disaster of the Year Paralyzes the Capital of the Gold Fields, as a Famine Exists in Building Material of All Kinds.

Victoria, B. C., May 22.—The steamer Lees, from Skaguay, Alaska, brings the following report of a conflagration in the gold fields:

Another disastrous fire has visited Dawson City, this time fairly wiping out the entire business center of the town, creating losses that will aggregate \$1,000,000, with not a dollar's worth of insurance.

The fire occurred on April 21, in the very heart of the business center of the city, commencing near the opera house on the water front and spreading with unusual rapidity, driven by a strong wind, destroying everything in its way on that street down to and including Donahue & Smith's establishment, and taking in all of the water-front buildings abreast of the same blocks. The fire crossed the street, burned through and spread, covering the principal business portion of Dawson, leaving it all in ashes, with the firemen helpless and powerless to do anything.

All the buildings burned like tinder, due to the fact that they had been standing for nearly two years and the logs were as dry as powder. The fire spread with such rapidity that the people were unable to save anything in the way of furniture, goods and clothing, so that the losses when footed up promise to be even greater than at first estimated.

The results are that there is a famine in all kinds of building material and furniture, such as sash, doors, locks and hinges, etc. Doors are selling for \$35 each, door locks \$3 each, and everything else in proportion. The town is paralyzed, because nothing can be done until the opening of navigation, which will not be for several weeks.

Shot Three Women.

Kansas City, May 22.—Levi Moore, a clerk, shot and fatally wounded Miss Jennie Campbell, Miss Emma Landis and Mrs. Emma Laik in a jealous rage. The Campbell woman had deserted Moore for another man. He had requested her to return his photographs. She did not answer his letters, and Moore armed himself and went to her rooming house. He whipped out a revolver and demanded his pictures of Miss Campbell. She started to run and Moore shot her in the back. The two other women named above rushed to the assistance of the wounded girl and were shot down. Moore was arrested. He feigns insanity.

Havana's Debt.

Havana, May 22.—The special committee that has been investigating the finances of Havana reports that the bonded indebtedness of \$9,543,500 has been reduced \$33,000 since Jan. 1. The issues are made receivable at any time. The commission will later recommend taking up the 6 per cent at 5 and possibly 4½. The floating debt, which is largely due to employees and contractors under the Spanish regime, has not been touched.

Indiana Tragedy.

Evansville, Ind., May 22.—William Ornick, a farmer living near West Franklin, shot and instantly killed his son-in-law, Thomas Sanders. Sanders had been divorced from his wife and their three children were with Ornick's family. Sanders swore he would take the children from Ornick's home. He went there and was warned by Ornick to keep away. He persisted in entering, when Ornick shot him dead.

Had Freight Wreck.

Marion, O., May 22.—Southbound Short Line local No. 31 ran into a cut of cars left half on the main track and half on the switch by the switching crew. The engine was turned over on its side and 12 cars, loaded and empties, were piled in a heap sufficiently high to tear wires off the telegraph poles. No one was hurt.

Monument to Carrot.

Dijon, France, May 22.—The monument to the late Marie Francis Sadi Carnot, French president of the third republic of France, was unveiled here in the presence of the president, Emile Loubet; the premier, Charles Dupuy; the minister of war, Camille Krantz, and other distinguished personages.

Fatal Quarrel.

Dayton, O., May 22.—Louis Mongold, a saloon keeper, is at the hospital with a bullet hole in the right breast. He is mortally wounded. He and his housekeeper, Lina Lucas, had been drinking and quarrelling in a bedroom adjoining his saloon. Mongold claims the woman shot him.

BANK TAXATION.

An Extra Session of the Legislature May be Called to Remedy a Defect in the Law.

The recent decision of the Supreme Court in the bank tax cases has been of a far reaching nature and the official opinion of the court is being interpreted by the lawyers and officials at Frankfort. The effect of the decision has disturbed the older order of things in declaring the present board of assessment and valuation has no right to assess the franchise of the national banks, these banks deriving the franchise from an act of Congress; further holding that the tax must be collected from the owner of the stock.

It is maintained by good lawyers that the present statute is insufficient, and, in order to collect the taxes that an amendatory act must be passed. That, under the decision of the Supreme Court, in order to recover this tax to municipalities, the law must be passed before January 10, 1900, when the city charters provide the bank stock shall be assessed. It is maintained, by reason of this, that the State must pass the law during the present year, in order to collect the tax for the present year. This, it is maintained, will necessitate an extra session of the Legislature.

Auditor Stone, however, believes the present statute sufficient. Governor Bradley will not call a session, however, unless the Auditor is unable to enforce the present law. Col. Stone is not a lawyer and attorneys say his point is not well taken, and the law is not sufficient.

Col. Henry L. Stone, of Louisville, and Judge Ira Julian, of Frankfort, representing their respective municipalities, have gone to Washington, and will ask the Supreme Court to fix a day for filing a petition for rehearing. The Supreme Court was evenly divided on the question.

PERSONAL.

—Major J. T. Long, of Tennessee, was here Saturday.

—Miss Nettie Todd is visiting Mr. and Mrs. C. T. West of Forest avenue.

—Mr. W. H. Wadsworth has gone to Hot Springs, Va., for the benefit of his health.

—Mr. and Mrs. John Altmeyer spent Saturday and Sunday with relatives at Covington and Cincinnati.

—Mrs. Wm. Gantley and Mrs. Jno. Gantley and daughter are visiting relatives at Millersburg and Cynthiana.

—Judge Cassidy, of Mt. Sterling, has returned home after visiting his daughter, Mrs. M. G. Buckner, of Washington.

—Mr. Charles Rudy, member of the Thirty-first Michigan regiment during the late war, is here visiting his father, Mr. Geo. W. Rudy, of Forest avenue.

—Manchester Signal: "A pleasant party of Maysville 'wheelists,' composed of five couples, made the run to Manchester. The party was made up of Mr. and Mrs. Theo. Campbell, J. W. Rasp and Miss Alice Cheney, Chas. McCarthy and Miss Edith DeDitt, George Ort and Miss Bessie Carr, George B. Clephane and Miss Grace Harding and Jos. H. Waldron, the three latter being from Aberdeen."

J. B. BURTON, who was sent to the penitentiary from Louisville in 1896 for three years on a charge of obtaining money under false pretenses, proves to be J. Burton Beverley, an Englishman of high standing, who has recently inherited about \$1,500,000 from his uncle. He was pardoned not long ago by acting Governor Worthington.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. J. Wood & Son, druggists, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

A WARNING.

A Republican Congressman Declares Anarchy Will Result From Work of Trusts.

Thousands of Men Being Forced Into Idleness by the Shutting Down of Plants Forced Out of Business.

INDIANAPOLIS, IND., May 19.—Congressman Landis and his straw hat dropped into the city to-day, looking after his gubernatorial boom, and he created a breeze at Republican headquarters by his alarming talk against the combines. Mr. Landis has also been looking after his congressional fences, and he tells the Indianapolis politicians that they would be amazed to see the antipathy and alarm in the country district over the trusts. "The people are thinking of little else," says the Congressman. "The situation is alarming. These vast combinations are throwing men out of work and are closing factories. I was talking with Bristoe, Fourth Assistant Postmaster General, the other day, and he told me that a trust had closed a wire fence factory in his little town in Kentucky and 300 men were idle."

"I understand that there are 4,000 traveling salesmen idle in New York City, because of the recent vast combinations of capital. The other day I was riding on a train, talking to a tobacco man, and he told me that fifty-six brands of tobacco, formerly represented by eighteen traveling men, are now represented by one. There you have seventeen men who have been earning from \$1,000 to \$3,000 annually, thrown out of work. This is what breeds anarchy. It seems to me that these moneyed men who are combining capital should see the danger ahead and desist. They are sowing the wind and may reap the whirlwind. The ballot controls the policies of this country, and the ballot will condemn these vast moneyed interests. Without doubt many of these great enterprises are over-capitalized. They hold up for a time, but a reaction is bound to set in, it seems to me, and then will come a crash. I fear an industrial panic will result."

Congressman Landis anticipates that there will be congressional action, and so far as his individual thought has run he is inclined to think favorably of a graduated tax on products; the larger the products the heavier the tax. This tax, in his judgment, would discourage the formation of large combinations. Then, again, restrictions might be put on capital stock.

The City of Cincinnati calls for the cake, bakery and all. She ran from Louisville to Madison—53 miles—in 3 hours and 12½ minutes, wiping out the City of Louisville's "fastest time on record." For a boat only five weeks old, and using slack for fuel, against a stiff current, this is a record the boys on the Cincinnati are proud of.

CHARLES FOSTER, a one-legged negro formerly of Vanceburg, but who has been working in this city of late, was shot in the hip by Henry Farwick Sunday on the excursion to Portsmouth on the M. P. Wells. The trouble occurred while the steamer was between Concord and Vanceburg. Farwick fired five shots, only one taking effect. The wound is not considered very serious. It is reported there were pretty near all sorts of scraps on the boat.

Glorious News

Comes from Dr. D. B. Cargile, of Washington, D. C. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.

In its account of the commencement of the National College of Pharmacy, the Washington Post pays a former Maysville boy this handsome and well deserved compliment: "Mr. George D. Kehoe, the valedictorian, made a good impression. His address was brimful of interesting data, and his style of delivery met with favor before the audience. He referred to the recent war as cementing the feeling of friendship between the North and South, doing away with former hatred between the sections, and as opening vast opportunities to his fellow-students."

MATTINGS, Economically Priced.

Nothing more attractive has ever been shown in mattings than our present stock. A great many new patterns, including some medium sized set figures, stripes and unique ideas that are purely Japanese. In the stronger colors popular tastes seem to favor the blues, greens, reds and browns which we show in variety. There are inlaid novelties that well deserve the home. One of these has a double stripe down the center and is shown in two colors. The Mikado is a very finely woven fabric with colored inserted figures, producing a striking two-toned effect. The prices are from 12½ to 50. We do not insult your intelligence by offering mattings below 12½c. It is money lost to buy under the 12½ grade. Wise shoppers know quality to be an indispensable consideration in buying floor coverings and they come here where they are sure only the best is offered.

CORK LINOLEUM

A cash transaction put these goods in our stock at the lowest price known. All are in patent inlaid effects and new patterns. While they last the price will be 45c. square yard instead of 75c. The \$1 quality can be bought for 65c.

The Latest in Men's Wear

We bought this season more good things for summer wear than we ever had on our counters before. Our light Underwear and Half Hose, our Negligee Shirts of Madras silk and Fancy Shirts; our Handkerchiefs, Suspenders and Gloves—all from the best makers—are wonderfully low in price. We are showing styles and patterns that we believe cannot be found elsewhere this season. We believe this department will prove a help and a satisfaction to every man who tries it.

It's a little early, but you want to see our Linen Suit for both Men and boys before you buy. Boys' Wash Knee Pants, 20 to 50c.

Light Weight Blue Serge Coats in double and single breasted, for men and boys, just the thing for hot summer wear.

Lustre Coat and Vest in regular cut.

Drap de Tes Coats and Vests in regular and ministerial cut.

A new line of Hats will soon arrive.

FARM FOR SALE.

Having decided to sell my farm, I offer a private sale one of the best farms and prettiest homes in Central Kentucky. Said farm is on the Jackson turnpike, four miles from Paris, four miles of Millersburg, and within one mile of three stations on the Maysville railroad. It contains 320 acres, 150 acres of grass, and in a high state of cultivation. The dwelling is a two-story brick with ten rooms, and is one of the best built houses in Kentucky. There are two barns, two cabins, work shop, granary, buggy houses, coal and wood houses, and every building needed on a well regulated farm. Plenty of fruit of all kinds and never failing water. This farm will have to be seen to be appreciated. Terms easy. Call on or address Bishop Hibler. 19d1mw2

10c. Lawns at 6 3-4c.

We purchased this lot of Lawns direct from the makers,—Wm. Simpsons Sons & Co. These goods are jobbed at 7½c. and they retail the country over at 10c. a yard. We succeeded through a fortunate circumstance in getting three cases—one hundred and seventy-four pieces at our price. Every style is absolutely new. They come in stripes, checks, polka-dots and figures, with blue back grounds, and flowered organdie effects. By great odds these are the cheapest Lawns ever seen in Kentucky—6½c. instead of 10c.

Prettiness in Parasols.

And durability too is well illustrated in our Parasol stock. You'll find them in all shades of solid colors, some rustled, others with wide or narrow borders, and then too there is a beautiful line made of heavy striped corded silk. Prices range from \$1 to \$4.95. Childrens' Parasols from 14c. to \$1.

C. and O. Engine No. 79 Wrecked by the Explosion of the Boiler.

Had Just Arrived With Maysville Accommodation and Was at Turntable—Al. Maddox and Mark Brannon Injured.

C. and O. engine No. 79 of the Maysville accommodation train was badly wrecked by the explosion of the boiler shortly after 8 o'clock Saturday night.

The train had just arrived from Cincinnati, and as usual had been taken to the turntable near the L. and N. engine house for the purpose of turning the baggage and express car and the engine. Mr. Al. Maddox, night watchman of the engines, had taken the regular engineer's place in the cab. The baggage car was backed down on the turntable and the engine had been uncoupled and was standing a few feet away when the explosion took place.

The report was like that of big cannon, but the explosion was more violent, buildings throughout the city being shaken. Some people thought at first that a powder magazine had blown up. The shock was so violent that some people residing on Forest avenue, Commerce street and elsewhere in the neighborhood of the explosion expected the next instant to see their houses tumble down on them.

The explosion was at the head of the

More Convicts Pardoned.
FRANKFORT, Ky., May 20.—Acting Governor Worthington pardoned the following convicts to-day: Henry Whittaker, sent from Bath County for life in 1885 for killing Newton Anderson; Arch Hays, sent from Lawrence County in 1897 for five years for killing Wm. Sparks in Louisa.

On May 19th, 1894, it snowed and the temperature ranged from 30° to 36°. On the next morning the ground was covered with two inches of snow.

Through the Efforts of Maysville's Board of Trade.....

Coupled with the co-operation of liberal-minded people who are not members of that body, various attractions will be offered in a few days in our city that will doubtless bring many visitors from this and adjoining counties. We are promised by the managers of the near-approaching street fair that many novel and interesting features will be presented. "You'll come sure" and when you are here, combine a little business with pleasure. Such bargains as Hechinger at present is offering and selling, rarely are obtained. It goes without saying that the qualities throughout the various lines in Hechinger's are the very best. No cheap Clothing, no cheap Shoes, no cheap Furnishings—only the highest types of merchandise is handled in this store. But at prices that are warranted lower than you pay for inferior goods away from home. HECHINGER'S for many years has been, and is now, the "home" store; ask those who occasionally buy Clothing away from home. They know.

Again we say, we do not quote prices in our "ads." You cannot quote Clothing like other commodities, such as wheat, corn or cattle. Come and see what we have. Examine qualities, learn prices, then look elsewhere; your judgment will lead you aright.

During the Fair,

make our storeroom headquarters. Among other liquids on hand we always have an abundance of ICE WATER. The latter, like our Clothing, you'll find the best in town. We will also take charge of your packages during your stay in town.

THE TIGER TOBACCO TRANSPLANTER.

Makes the farmer absolutely independent of the weather. He sets his plants when he gets his ground ready, rain or shine. The superiority of the Tiger over all other Transplanters has been plainly demonstrated during seasons of severe drouth, when experiment proved it to be the only machine that could be depended upon to give a good stand of plants under any and all weather conditions. With the TIGER the plants are properly set. The roots are in the puddle formed by the water, loose earth being forced down around and above the plant. In effect the water valve on the TIGER stands still at each hill long enough to pour the water precisely where it is wanted—a feature that cannot be duplicated by any machine devised by man. THE TIGER PUTS THE WATER JUST WHERE IT IS NEEDED—AT THE ROOTS. There are many superior points on the TIGER that makes it far ahead of any other Transplanter ever put on the market. We ask your inspection of same and that you place your order at once, as the factory could not supply the demand last season and we, ourselves, were only able to get a portion of our orders filled. So do not delay, but place your order with us at once, that we may be able to supply you before our stock is exhausted. Remember first come first served.

MELON GROWERS.

Try This Preparation to Protect Your Vines From the Striped Cucumber Bug.

[Progressive Farmer]

Striped cucumber bugs are about the hardest we have to deal with. They come in a night and destroy the vines in a day. Usually they send a scattering advance guard which should be the warning, for thousands are certain to follow. Mix five pounds of air slacked lime and a quarter of an ounce of paris green very thoroughly and dust the leaves with this while the dew is on in the morning. Do this before the bugs come and repeat occasionally until danger is past, which will be the last of June usually, although they sometimes come later. Do not leave any clods around the hills. Make the surface smooth, so there will be no hiding place for the bugs, and sprinkle the mixture on the ground pretty freely. Soot from chimney where wood is used is good, and we have driven them away with road dust sprinkled freely on the leaves, as they seem not to like grit. Be sure to get the remedy, whatever is used, on the under side of the leaves, as there is where they feed.

Attention, Knights Templar.

Maysville Commandery No. 10, K. T., will meet in stated convocation this Monday evening at 7 o'clock. A full attendance is desired. T. A. KEITH, E. C. A. H. Thompson, Recorder.

The melon vines in Charleston Bottom have been considerably damaged by the striped cucumber bug.

The hippodrome races arouse great enthusiasm at John Robinson's shows.

The popular view of the relation of the blood to human character and conduct is marked in many a familiar expression. We speak of there being "bad blood" between people at enmity, of "blue blood" as indicating ancestry, of "black blood" of describing a treacherous nature, and in many another phrase mark our belief that in the mental, moral and physical man, "the blood is the life." The one basis of a healthy, happy and useful life is pure blood. With the blood pure, disease has no permanent lodging place in the system. For this reason the use of Dr. Pierce's Golden Medical Discovery rids the body of diseases which have their origin in impurity of the blood. It absolutely purifies the blood, carrying off the waste and poisonous matter, increasing the action of the blood making glands, and building up the body by supplying the blood in quantity and quality such is essential to a condition of health. It cures ninety-eight people out of every hundred who give it a fair trial.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

"Very satisfactory sales of tobacco were made during the past week, and we think the market was, in general, the strongest we have had this year. Red tobacco seemed to be in quicker demand than anything else, but there was also a decided improvement in the bidding on the best grades, reaching up to 19½¢. Some of these grades, from West Virginia, sold up to 15¢, and 17¢, quite above the expectation of the owners. Low grades were strong when with color.

"Some redried tobacco was shown and eagerly taken by the buyers at prices which seemed very satisfactory to packers. Within the next few weeks we expect to see large offerings of these goods. They will be wanted, no doubt, because there will be practically nothing else in market, old stock being sold out almost completely. What few hogsheads of the latter are being offered in the sales are bringing high prices, one hogshead at the Cincinnati-Miami selling up to 24½¢.

"The usual efforts and preparations are being made for this year's crop, and while the sowing was unusually late the planting promises to be unusually early, as we bear of numerous settings made during the past week."

COMMISSIONER'S SALE.

MASON CIRCUIT COURT.

Frank S. Owens' adm'r, Plaintiff.
Against
Frank S. Owens' Heirs, &c., Equitly Defendants.

In obedience to a judgment and order of sale of the Mason Circuit Court, rendered in the above mentioned cause at the February term, 1899, I shall, on

THURSDAY, JUNE 1, 1899,

at 2 o'clock p. m., on the premises, proceed to sell at public auction, to the highest bidder, on a credit of six, twelve and eighteen months, the following real property, to-wit:

First—The House and Lot lately occupied as the family residence of Mrs. Frank S. Owens, deceased, situated on Front street, between Grave Alley and Wall street, in city of Maysville, Ky., fronting 40 feet, more or less, on Front street and running back 135 feet, more or less, to Zweigart's line. Said residence is a two-story brick in first-class repair and contains eight rooms, hot and cold water and all modern conveniences and appliances.

Second—That certain lot fronting fifty feet on the south side of West Second street, formerly Maysville and Germantown pike, in the city of Maysville, Ky., and extending back, same width, to Third street and bordering on west side of Schultz street.

Third—Also at same time and upon last above mentioned premises, a tract of 640 acres of land in Lynn County, Texas, known as survey No. 33, block A, situated about ten miles S. 60° W. from the center of Lynn County and being same that was located by virtue of land scrip No. 1442 to T. C. Read, assignee, etc., of East line and Red River Railroad Company.

The purchaser must be prepared to promptly execute bond, with approved security, for the purchase price, which bond shall bear legal interest from day of sale until paid.

J. N. KEOHE, Master Commissioner.
